SEXUAL ASSAULT PREVENTION
AND RESPONSE OFFICE**

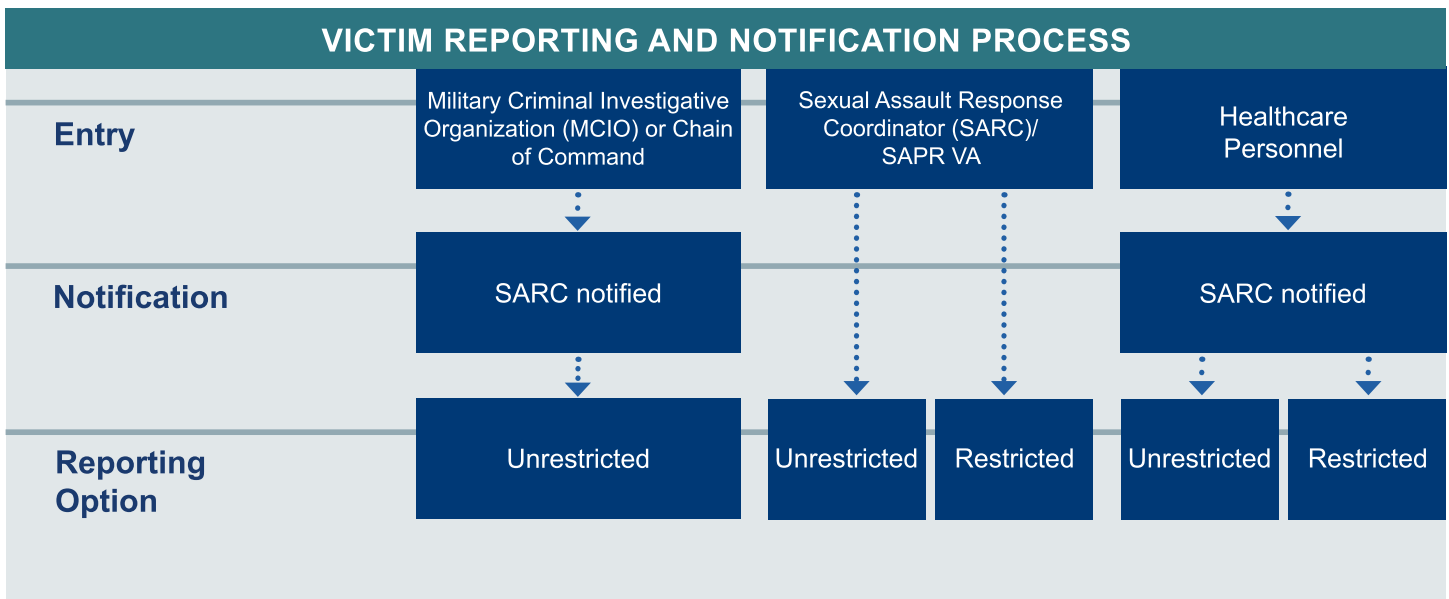

Victim Reporting Options Guide

Deciding whether to report a sexual assault is a deeply personal decision. However, reporting can be a gateway to recovery. The Department's Restricted and Unrestricted reporting options allow Service members who experienced sexual assault to exercise control over how and when they engage with resources.

DoD's response services include:

- Confidential access to a Sexual Assault Prevention and Response Victim Advocate (SAPR VA), regardless of reporting option selected
- Support from highly trained personnel, including Medical and Mental Healthcare providers, Special Victims' Counsel (SVC) /Victims' Legal Counsel (VLC), and Chaplains
- Professional investigative and legal response from personnel, specially trained to work with victims of sexual assault, domestic violence, and child abuse
- A variety of support, recovery and safety options, including Expedited Transfer, Military Protective Order, Catch a Serial Offender Program, Case Management Group reviews and updates, and victim safety assessments
- 24/7, worldwide, anonymous and confidential support at Safe Helpline – a specialized, secure online service that provides help and information anytime, anywhere. Find more information at [safehelpline.org](https://www.safehelpline.org).

Criminal investigators and command officials will be notified when an Unrestricted Report is made.

Service members and their adult military dependents have two reporting options

REPORTING OPTION

1

UNRESTRICTED REPORT

An **Unrestricted Report** allows you to receive medical treatment, advocacy services, and legal support. As part of this option, DoD law enforcement initiates an investigation and your chain-of-command is notified. You have the right to be reasonably protected and may also be eligible for other protections, including a Military Protective Order and/or a civilian protective order. You may also be eligible for an Expedited Transfer.

REPORTING OPTION

2

RESTRICTED REPORT

A **Restricted Report** allows you to receive SVC/VLC legal advice and medical and advocacy services, but does not trigger an investigation. Information will be provided to Command that does not reveal your identity, nor that of the alleged offender.

Only these professionals can accept a Restricted Report:

- Sexual Assault Response Coordinator (SARC)
- Sexual Assault Prevention and Response (SAPR) Victim Advocate (VA)
- Healthcare providers and healthcare support personnel

You do not have to tell law enforcement or your commander about your sexual assault to receive care and other forms of assistance

Also, victims who filed a Restricted Report may **anonymously disclose suspect information** to the Catch a Serial Offender (CATCH) Program to identify repeat offenders. If other reports about the same suspect are identified in CATCH, victims can decide to change their report from Restricted to Unrestricted to participate in a criminal investigation of the suspect.
