SECTION D - REMARKS (STANDARD, OTHER)

STANDARD REMARKS

- 1. The obligation authorities provided in this memorandum are subject to apportionment by the Office of Management and Budget and to the provisions of 31U.S.C. 1517 and DoD Financial Management Regulation 7000.14-R.
- 2. Program funding released in this and subsequent documents are to be executed only in accordance with all applicable provisions of the Consolidated Appropriations Act, 2018 (P.L. 115-141).
- 3. Funds availability is contingent upon receipt of a signed apportionment document and compliance with the Director of National Intelligence direction on applicable classified apportionment documents. The classified attachment to the Letter Apportionment contains program restrictions in the footnotes that control the use of these funds.
- 4. Prior to issuing a Voucher and Schedule of Withdrawals and Credits (Standard Form 1081) to correct expenditure errors, allottees are to ensure that all affected fund holders are appropriately advised with adequate documentation so that action can be taken through the Defense Finance and Accounting Service to attribute disbursements to the correct appropriation(s), fiscal year(s), and limit(s) in the Defense accounting systems. The relevant allotter is to be advised within 90 days of outstanding transactions that have not been properly accounted with an assessment of when the correction is anticipated.
- 5. In accordance with the Ronald W. Reagan National Defense Authorization Act for FY 2005 (Section 332), and Department of Defense policy, modernization and enhancements to a system that cost more than \$1 million may not be obligated unless the system has been approved by the investment Review Board and the Defense Business Systems Management Committee.
- 6. The prohibition on obligations does not include those required to maintain current services. Obligating over \$1 million for a business system modernization that has not been certified and approved is a violation of section 1341(a)(1)(A) of Title 31. The Military Departments are responsible for ensuring that such violations do not occur.

SECTION D - REMARKS (STANDARD, OTHER)

- 7. Section 8004 of the Consolidated Appropriations Act, 2018, P.L. 115-141, specifies that no more than 25 percent of your annual operations and maintenance direct program shall be obligated during the last two months of the fiscal year. Should your reported obligations indicate that you may not comply with this provision, your annual direct program will be reduced by an amount sufficient to ensure compliance with Section 8004.
- 8. The Department is required to 'pre-notify' the Congress 10 days (7 days if notified electronically) before using O&M funds to carry out a Contingency Construction Authority (CCA) project. No CCA project may be undertaken without specific written authorization from OUSD(C).
- 9. Funds appropriated for Cyberspace Activities, as request in the Department's Cyberspace Activities Information Technology investment budget request for FY18, must be obligated for their Intended purpose. Use prior approval reprogramming procedures to obligate Cybersecurity Activities funding appropriated to the operation and maintenance, procurement, or research, development, test and evaluation accounts for any purpose other than Cyberspace Activities.
- 10. Funds made available in the, Department of Defense Missile Defeat and Defense Enhancements Appropriations Act, 2018, are in addition to amounts appropriated or otherwise made available for the Department of Defense for fiscal year 2018.
